

50 ChatGPT Prompts for Freelance Designers

Prompt 1: Logo Redesign

Act as a seasoned art director. Help me redesign a logo for a fictional eco-friendly startup called "Verdi". Their current logo is a green leaf with the company initials inside a square. I want to maintain the green color scheme and update the design to appeal to a younger audience.

Prompt 2: Color Palette

Act as a color expert. Given a brand identity of a fashion brand called "Adelaide", I need a color palette suggestion to reflect their spring collection. The brand primarily uses pastel colors. Create a palette of 5 colors, including a primary and secondary color, and suggest 3 accent colors.

Prompt 3: UX Design Concept

Act as a product designer. Develop a UX design concept for a mobile app called "MeditateMe" that offers guided meditations for stress relief. Design a seamless onboarding experience, considering a user's first interaction with the app, and provide a wireframe of the welcome screen.

Prompt 4: Pitch Deck Design

Act as a creative director. I'm part of a startup pitching to investors. Create a visually appealing pitch deck design for a 10-slide presentation, incorporating 2 animations, and suggest 3 key takeaways for each slide.

Prompt 5: Infographic Template

Act as an infographic designer. Design an infographic template to illustrate the benefits of using renewable energy. Include icons, charts, and concise data to communicate the importance of sustainable energy.

Prompt 6: Web Design Style Guide

Act as a web designer. Develop a comprehensive web design style guide for a B2B e-commerce platform called "SupplyHub". Define typography, color palette, spacing, and image requirements for their website.

Prompt 7: Brand Identity Refresh

Act as a creative consultant. A small business, "GreenGlow", wants to update its outdated brand identity. Suggest a new tagline, brand positioning statement, and updated visual identity elements (logos, color palette, typography, and imagery).

Prompt 8: Design System

Act as a design systems expert. I'm part of a product development team working on a platform called "WorkplacePal". Develop a design system that outlines the rules and standards for designing UI components (buttons, inputs, forms), ensuring consistency across the platform.

Prompt 9: E-commerce Product Page

Act as a product designer. Design an e-commerce product page for a high-end smartwatch called "Tactix". Ensure the design communicates the watch's features, technical specifications, and brand storytelling through concise, clear content.

Prompt 10: Brand Storytelling

Act as a brand strategist. Help me create a compelling brand story for a boutique fashion brand called "Renaissance". Describe their brand values, mission, and unique selling proposition.

Prompt 11: Social Media Content Calendar

Act as a social media guru. Develop a social media content calendar for a fitness startup called "FitFusion". Create engaging content for 4 weeks, considering peak hours of engagement (Instagram and Facebook), and suggest a mix of promotional, educational, and entertaining content.

Prompt 12: Packaging Design

Act as a packaging designer. Design eco-friendly packaging for a sustainable soap brand called "PureDelights". Ensure the packaging is visually appealing, communicates the brand's values, and adheres to industry regulations.

Prompt 13: Motion Graphics Animation

Act as a motion graphics designer. Create a motion graphics animation for a promotional video showcasing a new line of electric vehicles. Incorporate dynamic

transitions, 3D models, and highlight key features of the vehicles.

Prompt 14: Custom Illustration Style

Act as an illustrator. Create a custom illustration style for a children's book series called "The Adventure League". Develop a unique visual language that blends fantasy and adventure elements.

Prompt 15: Icon Design

Act as an icon designer. Design a set of 10 social media icons for a wellness retreat called "SerenityNow". Ensure the icons are scalable, legible, and follow industry design standards.

Prompt 16: UI Design for a Landing Page

Act as a UI designer. Design a landing page for a new product launch of a software company called "CloudNine". Incorporate features such as a hero section, feature highlights, and a clear call-to-action.

Prompt 17: Email Newsletters

Act as an email designer. Create a design template for a weekly email newsletter for a B2B publication called "IndustryInsight". Ensure the design promotes reader engagement, and the newsletter content is concise and scannable.

Prompt 18: Brand Voice and Tone

Act as a brand linguist. Develop a brand voice and tone for a food delivery platform called "TasteQuest". Define what the brand sounds like (conversational, friendly, witty), and create guidelines for writing and tone of voice.

Prompt 19: Event Promotional Materials

Act as an event designer. Design promotional materials (flyers, posters, social media assets) for a tech conference called "FutureConnect". Ensure the design is visually engaging and communicates key event details.

Prompt 20: UI Kit for a Mobile App

Act as a UI designer. Develop a UI kit for a mobile app called "FitnessPal" that includes 10 UI components (buttons, inputs, tabs), following standard human-centered design principles.

Prompt 21: Packaging Label Design

Act as a packaging designer. Design a label for a single-serve coffee pack called "CozyCups". Ensure the label is easy to read, compliant with labeling regulations, and visually appealing.

Prompt 22: Brand Guidelines Update

Act as a brand strategist. Update the brand guidelines for a tech startup called "CyberCore". Suggest revised brand positioning statement, visual identity elements (color palette, typography, imagery), and messaging style.

Prompt 23: UX Design for a Banking App

Act as a product designer. Develop a UX design concept for a banking app called "BankEasy". Focus on designing a seamless onboarding process, considering user needs, expectations, and device limitations.

Prompt 24: Social Media Campaign

Act as a social media marketer. Develop a social media campaign for a lifestyle influencer promoting eco-friendly products. Create engaging content (5 posts), using relevant hashtags, and suggest 3 key performance indicators (KPIs).

Prompt 25: Website Navigation Design

Act as a UI designer. Design a website navigation system for a travel booking platform called "AdventureTrip". Incorporate a clear information architecture, considering user needs and device limitations.

Prompt 26: Icon Set for a Mobile App

Act as an icon designer. Design an icon set for a mobile app called "HealthHub" that includes 20 icons (profile, exercise, diet, calendar), following industry design standards and ensuring accessibility.

Prompt 27: Email Marketing Strategy

Act as an email marketer. Develop an email marketing strategy for a B2B e-commerce platform called "B2BMarketPlace". Define target audience, email frequency, and suggest 5 email campaigns (welcome, cart abandonment, promotional).

Prompt 28: Product Photography

Act as a product photographer. Capture product photography for a high-end smartwatch called "Tactix". Ensure the images are high-quality, visually appealing, and highlight key product features.

Prompt 29: Brand Positioning Statement

Act as a brand strategist. Help me develop a brand positioning statement for a premium skincare brand called "GlowUp". Define the brand's unique value proposition, core values, and target audience.

Prompt 30: Infographic on Mental Health

Act as an infographic designer. Create an infographic illustrating the importance of mental health awareness. Incorporate key statistics, research findings, and concise data to communicate the issue.

Prompt 31: Designing for Accessibility

Act as an accessibility expert. Develop design solutions to ensure website accessibility for users with visual impairments (color contrast, font size, text-to-speech). Provide a checklist for website developers.

Prompt 32: Brand Messaging Framework

Act as a brand strategist. Develop a brand messaging framework for a wellness retreat called "SerenityNow". Define key messaging principles, tone of voice, and key messaging pillars.

Prompt 33: Custom Illustrations for a Children's Book

Act as an illustrator. Create custom illustrations for a children's book series called "The Forest Adventures". Develop a unique visual language, incorporating fantasy and adventure elements.

Prompt 34: UI Design for a Website Search Function

Act as a UI designer. Design a search function for a website called "RecipePal" that includes features such as autocomplete, instant search results, and a clear call-to-action.

Prompt 35: Brand Identity Refresh

Act as a creative designer. Refresh the brand identity for a boutique fashion brand called "Renaissance". Update their visual identity elements (logos, color palette, typography, imagery).

Prompt 36: Landing Page for a SaaS Product

Act as a UI designer. Design a landing page for a SaaS product called "CloudSync" that showcases key features, technical specifications, and benefits of using the product.

Prompt 37: Social Media Strategy

Act as a social media marketer. Develop a social media strategy for a beauty products brand called "GlamourMe". Define target audience, social media platforms, and suggest 3 key performance indicators (KPIs).

Prompt 38: Motion Graphics Animation

Act as a motion graphics designer. Create a motion graphics animation for a promotional video showcasing a new line of electric vehicles. Incorporate dynamic transitions, 2D animation, and highlight key product features.

Prompt 39: UI Kit for a Web Application

Act as a UI designer. Develop a UI kit for a web application called "ProjectManager" that includes 20 UI components (buttons, inputs, cards), following standard human-centered design principles.

Prompt 40: Event Brand Guidelines

Act as a brand strategist. Develop event brand guidelines for a conference called "FutureConnect" that include visual identity elements (logos, color palette, typography, imagery), messaging style, and tone of voice.

Prompt 41: UX Research

Act as a UX researcher. Conduct user research for a mobile app called "FitnessTracker" to identify pain points in the existing onboarding process and suggest improvements.

Prompt 42: Brand Personality

Act as a brand strategist. Help me develop a brand personality for a premium outdoor gear brand called "TerraTrail". Define the brand's personality traits, tone of voice, and messaging style.

Prompt 43: Social Media Ad Creative

Act as a social media creative. Develop ad creative assets (image, copy, call-to-action) for a social media campaign promoting eco-friendly products.

Prompt 44: Brand Storytelling Video

Act as a video designer. Create a brand storytelling video for a luxury watch brand called "TimelessLuxury". Incorporate cinematic visuals, compelling narratives, and highlight key product features.

Prompt 45: Icon Set for a Website

Act as an icon designer. Design an icon set for a website called "NewsHub" that includes 15 icons (category, tags, share), following industry design standards and ensuring accessibility.

Prompt 46: Custom UI Components

Act as a UI designer. Design custom UI components (e.g. tabs, cards, forms) for a web application called "ProjectManager" to enhance user experience and consistency.

Prompt 47: Packaging Design for Food Products

Act as a packaging designer. Design eco-friendly packaging for a line of food products called "FreshPick". Ensure the packaging is visually appealing, communicates nutrition facts, and adheres to industry regulations.

Prompt 48: Designing for Inclusive Design

Act as an accessibility expert. Develop design solutions to ensure a website is accessible for users with motor impairments (keyboard-only navigation, screen reader compatibility). Provide a checklist for website developers.

Prompt 49: Brand Messaging Framework Update

Act as a brand strategist. Update the brand messaging framework for a wellness retreat called "SerenityNow" to adapt to changing market trends and consumer needs.

Prompt 50: Infographic on CyberSecurity

Act as an infographic designer. Create an infographic illustrating key statistics and best practices for cyber security. Incorporate concise data, visualizations, and engaging graphics to communicate the importance of cyber security.
